

Tri-County Agronomics is the southern Indiana retail division of Tri –County Chemical Inc. (Eldorado IL). Tri-County Chemical Inc. has served Agribusinesses and family farms in Southern Illinois, Southern Indiana, and Kentucky for over 50 years from locations in Eldorado Illinois, Galatia Illinois, Ridgway Illinois, and Mount Vernon Indiana. As a company committed to helping farmers, we strive everyday to provide the services necessary to guide our customers through the volatile agriculture business.

Tri County Agronomics is a full service Ag retailer offer a full line of products and services to meet the ever-changing needs of the Agricultural industry. Due to the value that our experienced staff delivers to our customers and the quality of products our southern Indiana business has experienced tremendous growth over the last five years. With this growth we have been able to invest in computer automation technology for our load out system to serve our large grower/wholesale segment for our solutions business. We have also added seed treating to our lineup in 2011 as well as increased our storage capacity to serve our growing customer base.

Products we offer consist of PCS UAN, High Grade Suspension Fertilizer Analysis, PCS 10-34-0. Custom blend (non corrosive) starter analysis, Tessendro Kerley 12-0-0-26(ATS), Tessendro Kerley 0-0-25-17 (KTS), as well as offering a full line of Monsanto, Croplan, and NK seed accompanied by Agrisolutions chemicals and Micronutrients.

Services we offer consist of custom application, freight/logistic support, soil and tissue analysis, and recommendation by trained CCA's.
