

Posey County Co-op is a 100% farmer owned supply cooperative with facilities in Indiana at:

Mt. Vernon, Poseyville, St. Wendel, Griffin, and Haubstadt. It has a satellite plant in Grayville, Illinois and a pet foods center in Evansville operating under

the name of Tri State Vet & Pet Supply. Posey is also in partnership with its neighboring cooperative, Superior Ag, in a fuel and propane distribution company, SynEnergy Partners. The purpose of the association is to make timely supply of quality goods and services used in farm, business, and the home. The company operates complete crop production plants including fertilizer of all forms, ag chemicals, and seed. Feed is both manufactured and distributed, along with three stores that sell a variety of items including clothing, lawn and garden, pet supplies, hardware, and even beer and wine making supplies. Everyone member and non-member alike are welcome to share in the savings and convenience of the Co-op's complete line.

Being a cooperative 100% of the profits derived from doing business with farmer-members is returned to them at year end in the form of patronage refunds and equity retirement. The association is a member-stockholder of regional cooperatives such as Mt. Vernon's Countrymark Co-op refinery, Land O' Lakes, CHS, Growmark, and United Suppliers. Earnings from these companies are funneled back to local area farmers through the profits and patronage of Posey County Co-op.

Employing over 100 employees the Co-op is an active part of community affairs and substantial contributor to the tax base and local economy.
